

**CORTEK DRILLING**  
A NABORS COMPANY

### **Cancellation Policy Update**

This policy is in response to an increased frequency of short notice cancellations.

Should work be cancelled within 7 working days, a \$1000.00 Cancellation Fee will apply.

Should work be cancelled within 4 working days, a \$2000.00 Cancellation Fee would apply and \$1000.00 charged per day for the duration of the original booking to a maximum of three days for every day we cannot utilize the rig elsewhere.

We hope this policy will result in an increased commitment to schedules to ensure our equipment is ready when you need it for your next subsurface investigation.
